Ooohhh, ooohhhhhh

You said jump
I asked how high
You made the rules
That we love pie
And now I find
I've made a Frankenstein
I spoiled you rotten
Night and day
I always let you
Get your way
I did the crime, oh I did the crime
Now I'm doing time, I'm doing

Baby,
For showing you I care
I'm tearing out my hair
Baby
You never do your share
You know it isn't fair I gave my 24/7 to you
Doing everything you wanted to, what you wanna do
girl
I got you sushi & your yogurt too
You bought a ringer just to pull me through
Cause you know that it's true
I gave my 27/7 to you...

Everytime that we're alone
You sit there talking on the phone
It never end, never ends
Now i hate your friends, ooohh

Anytime I tell you no, tell you no
You're quick to tell me where to go
I'd leave it all, I'd leave it all
If I had your balls, gimme those baby
Ohh yea...

Baby, I let you wear the pants
You wore out the romance

Baby, you never miss a chance
To tell me I can't dance

I gave my 24/7 to you, 7 to you
Doing everything you wanted to
I bought you Prada and Old Navy too
You never wear 'em
Now I'm feeling blue
You know that it's true
I gave my 24/7 to you

Baby its true, baby its true
There will never ever, never ever
Ever never ever
Be another one like you
Ooohh

i gave my 24/7 to you
Doing everything you wanted to
I bought you Britney and Limp Bisket too
You sold them back
All the money that I blew
Girl you know that it's true
I gave my 24/7 to you
Ooohhh
