Sometimes we must live through the darkness  
In order to see the light  
We must visualize

(Chorus)  
Close your eyes, visualize  
The most beautiful girl that could be  
Just one sight, mesmerize  
It's like gazin' right in the sea

Floating down the street she stands out  
Like a candlelight  
When I look in her eyes  
I know not having sight  
Couldn't change this feeling  
So I walk towards her  
With a vision in my mind  
With a hand on my face and a smile on hers  
I softly say goodnight

(Chorus)

Never dreamt of one who possessed  
This gift of gold  
She sees beyond through the darkest clouds  
She knows my soul  
Will she be my girl?  
Is she of this world?  
Will I ever know?  
When the time is right  
She will be my light  
She is my angel

(Chorus)

With a touch of the sand  
From a faraway land  
Gazin' at perfection in the palm of my hand  
A touch from her face  
That faraway place  
There's no one above her  
Her spirit and grace

(Chorus till end)

Yeah I'm walkin' in the misty air  
In my mind my baby is there  
Having you in my life is my only care  
So beautiful that we can dream
