Julie's on the run so far away from home
a tiny little cottage in the woods
Hunting wolves are chasing this delicious mouse
where she went we never understood
Nothing really matters anymore
No Julie longer knocks on our door
a fallen princess bends her head in shame
in the end there's no one else to blame
And she's falling
falling without reach
Julie's falling, lost in her dreams
Afraid to go, afraid to leave
Into the emptiness what there's to believe
Julie's on the beanstalk way up in the clouds
can't stop climbing, refuses to look down
the giant in his castle, laughs gives wonderous wows
she's cast into the stew without a sound
