Here I am

In this strange world

A different universe

Nowhere in time

I'm captured in my dreams

On this lonely journey

To find the morning light

To be me

Eternal life

Beyond the death we know

A restless soul

But am I dead?

[Lost in nowhere, timeless prison

Will I ever find the reason

I wish that I could escape this dream

Can I ever return to reality]

This labyrinth

of my own feelings

A misty ocean

But where's the shore?

I know that I exist

But somehow I don't  
Can't find the morning light  
Can't be me  
Here I am  
In this strange world  
A different universe  
Nowhere in time  
Lost in nowhere, timeless prison  
Will I ever find the reason  
I wish that I could escape this dream  
Can I ever return to reality
