"Me Lovin' You"

Visit "[Me Lovin' You](#)" on MotoLyrics.com

Sometimes my head is harder than a mule's
Around my friends I'm a certified fool
But I'd walk through fire if you asked me to
That's what you love about me lovin' you

If it rains, if it shines
Every day of your life
I'll be faithful an' true
That's what you love about me lovin' you

Everybody thinks I'm tougher than nails
That I never ever need anyone else
But late at night, it's you that I'll turn to
That's what you love about me lovin' you

If it rains, if it shines
Every day of your life
I'll be faithful an' true
That's what you love about me lovin' you

When the weight of your world is too much to bear
Lean on me, I'll always be there
You'll never see a hard time that we won't get through
That's what you love about me lovin' you

If it rains, if it shines
Every day of your life
I'll be faithful an' true
That's what you love about me lovin' you
Lovin' you
