Untuk semua
Untuk semua
The broken heart
The broken heart

I'll be your shoulder to cry,
Be your wings to fly
Forever be by your side, ah...
It's gonna be alright...
Alright, alright

Hapus tangismu
Ku di sisimu
Ku ada bagimu
S'lamanya milikmu
Kau genggam hatiku
Alright, alright...

Hatiku hancur lihatmu bersedih
Hati ini pun ikut merasa pedih
Sedih, perih, berbaur tumpang tindih
Ku tak tahan dengan batinmu merintih

Inginku beri bahuku but I can't
Inginku sekat tangismu but I can't
Ku tak berhak lakukan why he can
I gotta a way till I don't know where

My baby my lady I feel the same way
I miss u to you I miss u all day
I know that everything is gonna be ok
Hold my hand babe, listen to what I say

Walau kau bukan milikku
Dan tak s'lalu di sisiku
Tapi ku ada kapan pun kau butuh diriku
Memang keadaanya rumit dan berliku
Tapi ku kan tetapenuhi janjiku

I'll be your shoulder to cry,
Be your wings to fly
Forever be by your side, ah...

It's gonna be alright...
Alright, alright

Hapus tangismu
Ku di sisimu
Ku ada bagimu
S'lamanya milikmu
Kau genggam hatiku
Alright, alright...

M to the AG this is call the Wify
My sweet lil baby make my life so crazy
This is share left on the front seems together,
Together, forever no matter what so ever

Dua setengah tahun menghilang begitu saja
Dan ternyata hati memang tak sekukuh baja
Every nite before I go to sleep I seen you
It's got so deep yeahh... I shall miss you

I know back then I was not the best for you
But, you know In the end I give up the rest for you
Did everything that I can to come and rescue you
I've said everything nothing else I said to you

Tak kusangka kisah kita berakhir tragis
Sebelum kita dapat mencapai garis finish
Sudah asaku hampir habis
I miss u baby
Biar lagu ini menangis
(Menangis... Menangis...)

I'll be your shoulder to cry,
Be your wings to fly
Forever be by your side, ah...
It's gonna be alright...
Alright, alright

Hapus tangismu
Ku di sisimu
Ku ada bagimu
S'lamanya milikmu
Kau genggam hatiku
Alright, alright...
