I am the laugh of the fool  
Thinking that I could win  
By breaking all the rules  
Letting pride get in my way  
Didn't care what I would say  
Hide behind guilty disguise  
My ego needs me tonight

I know it gets in the way  
But without it I'm afraid  
To face another day  
The satisfaction explodes  
Conquering every soul  
Someday I want to be king  
You'll never know what that means  
'Cause I'm a man and...

My ego needs me tonight  
My ego needs me tonight  
My ego needs me tonight  
I won't abandon this fight  
Don't care who's wrong or what's right  
'Cause my ego needs me

Addictive pseudo-control  
I'll smack you down

If I think you're on a roll  
I just can't take that chance  
I have to forge my romance  
The side I want you to see  
Was really made up for me

Can't you understand that

My ego needs me tonight  
My ego needs me tonight  
My ego needs me tonight  
I won't abandon this fight  
Protect my wrong from my right  
'Cause my ego needs me tonight

I won't abandon this fight  
Don't care who's wrong or what's right  
'Cause my ego needs me

You say coward  
I say protection  
Everybody dances  
With their own reflection  
Overpower the fragrance  
Occupy the flower  
No compromise  
No compromise  
No surrender
