I would like to wake up and, not put on no make up
and...
Spend the whole day with you, Is that okay with you?
Don't worry bout showerin', we'll make love for hours
then...
We'll pretend it's no one else existin' in this world but
me and you
Just like Adam and Eve, we will be in the nude
And the garden is this room
Only light from the stars and the moon

Can I stay here forever?
Please say you'll stay forever...
Can I stay here forever?
All I really want is...

Wanna be free with you
Wanna be me with you
I just wanna be with you
All I really need is you
Feels like I'm breathin' you [x2]

I just wanna go to sleep
Listenin' to your heart beat
Just listen to mines
And hear how their in perfect sync, baby
Even if it's just a dream
I'm not wakin' up for anything
Boy, just take a good look at me
You'll see, I mean it
Please believe it
Can I...

Can I stay here forever?
Please say you'll stay forever...
Can I stay here forever?
All I really want is...

Wanna be free with you
Wanna be me with you
I just wanna be with you

All I really need is you
Feels like I'm breathin' you [x2]
