[Talking]

Look I know I was wrong, But could you just hear me out
I mean I never meant to hurt you, But he was cute
Ooh Noo

[Verse 1]

Now baby, I know I was wrong
Would You please listen to me
See I never meant to hurt you
But I just had to go do me
See he was just a part time love
Someone there to fill the space, but trust
Me baby when I tell you that he can never take your
place
Don't Walk Away...

[Chorus]

Baby, Don't walk away from me (I need you baby)
I need you here with me, I know I was wrong
But I don't wanna move on (Wanna move on)
Cause we done for so long (So long) (Don't you walk
away from..)
Don't walk away from me...

[Verse 2]

And it was so confusing cause liking him, while I still
love you
I know it might sound contradictory now you telling me I
gotta choose
So either way I loose, Wasn't truely no substitue I don't
what I risk loosing
You baby cause at the end of the day it's going to be
you that I'm choosing
Don't walk away...yea

[Chorus]

Baby, Don't Walk Away from me (I need you baby)

I need you here with me (with me), I know I was wrong
