Do, do, do, do, do (Jhene)  
Do, do, do, do, do, do, do, do  
Do, do, do, do, do (Hey)  
Do, do, do, do, do, do, do, do (All my ladies throw your  
hand in the air for me)  
Do, do, do, do, do  
Do, do, do, do, do, do, do, do (Do, do, do, do, do, do,  
do, do)  
Do, do, do, do, do (Whoo, yeah)  
Do, do, do, do, do, do, do, do (Come on)

My heart never opened up to love anyone but you (And I  
don't wanna feel heartache)  
I ride, I die, I spend every dime on you, boy (I can't end  
up feeling no pain)  
I wear tight jeans, cleavage coming out for you, boy  
(Anything for you, boy)  
Hair bone straight, made up face for you, boy (Don't  
make me let you go)

I gave you what you want  
Then you wanna front, oh, baby (And I can't let you go)  
I got all in your Timbs, making Timbaland ends, oh,  
baby (Oh, baby, oh, oh, oh)  
I left all of my friends, on you I now depend, oh, baby  
(And I can't let you go)  
I can't keep this up if you ain't on the up (Oh, baby)  
Oh, baby, don't make me let you go

First time I caught you in a lie, I didn't think it was true  
(Whoo, the girl try to lie on you)  
If I thought you hit it, me and you would be quitting (Me  
and you would be quitting and this you ain't hitting, oh  
no)  
You can make me happy but you gotta love me like my  
Daddy (And I could be your wifey, boy)  
Don't make me have to leave you, boy (Don't make me  
let you go)

I gave you what you want  
Then you wanna front, oh, baby (And I can't let you go)  
I got all in your Timbs, making Timbaland ends, oh,

baby (Oh, baby, oh, oh, oh)  
I left all of my friends, on you I now depend, oh, baby  
(And I can't let you go)  
I can't keep this up if you ain't on the up (Oh, baby)  
Oh, baby, don't make me let you go

(Male Rapper)  
Don't make me let you go (Yeah Ok)  
Don't make me let you go (Listen)  
Don't make me let you go, oh baby

Male Rapper: (Jhene)  
Mama I saw you on the block and I wanted to stop  
But you were with you man and hater I'm not (Hey)  
So I waited and week went past  
Saw you with a smile, girl, keep that laugh (Oh, oh, oh,  
oh, oh, oh, oh, oh, oh)  
Now you said you wanna be alone  
'Cause your man was a dick when we talking on the  
phone  
And every night your calling my crib  
And you telling me the bullshit he just did (Oh)  
So he gone now, left you all alone now  
You running on your own now, let me home now (Hey)  
I'ma show what love is about (Yeah, yeah, yeah)  
No hurt, no pain, no cussing you out  
This time gon' run this shit  
Give hugs with chocolates  
And time's gon' stop when we start to kiss  
No change, no pains, I got you miss (Don't make me let  
you go)

And then you wanna front, oh, baby (And I can't let you  
go)  
I got all in your Timbs, making Timbaland ends, oh  
baby (Oh, baby, oh, oh, oh)  
I left all of my friends, on you I now depend, oh, baby  
(And I can't let you go)  
I can't keep this up if you ain't on the up (Oh, baby)  
Oh, baby, don't make me let you go (Do, do, do, do,  
do)

Don't make me let you go (Do, do, do, do, do, do, do,  
do)  
Don't make me let you go  
Don't make me let you go (Do, do, do, do, do)  
(Do, do, do, do, do, do, do)
