oh oh oh...  
oh oh oh...  
oh oh oh...  
oh oh oh...

stay in the present tense, far past irrelevant,  
conclusive evidence against you, we were never  
meant,  
and i don't care who she was, and your "sorry's" ain't  
enough,  
but i hope she was worth it, now there ain't no us...  
i know the story's flipped from a page, from a  
Shakespearean play,  
but i really thought we had something...  
but then you had to just throw it away, then try to smile  
in my face,  
and now i'm glad it's over boy...

you need to let it go, just give it up  
you gave your best but it just ain't enough  
just keep your pushing, boy your time is up  
cuz we got caught up in a "never love"  
this was never love,  
this was never..

see i got witnesses, and you got no defense  
the jury's ready to convict you, and your sentence is,  
never have my love again, now it's over you can't win  
ain't no more second chances, love like this must end...  
but then you had to just throw it away, then try to smile  
in my face,  
and now i'm glad it's over boy...

you need to let it go, just give it up  
you gave your best but it just ain't enough  
just keep your pushing, boy your time is up  
cuz we got caught up in a never...

oh boy i can't believe i even let you in,  
but i promise you i never will again,  
i fell for you while you just played pretend

so now this is the end...

you need to let it go, just give it up  
you gave your best but it just ain't enough  
just keep your pushing, boy your time is up...  
cuz we got caught up in a "never love"  
this was never love (never love)  
this was never love (we were never meant to be)  
this was never love (never you and me)  
this was never...
