Chorus

I can feel it when you're looking at me all the time. It's
the way when we're apart and you're on my mind.
When I'm holding you and kissing you, it seems so
right. All I want to do is feel your body next to mine.

Verse 1

I feel, your looks unreal.
Like a half off price, baby you that deal.
No I'm not your last man, don't get it confused.
He is not I, I got my eye on you.
I really like the way you eye my jewels.
You so first class, put a tie on you.
I like the way, she like the way I fly no cruise.
Baby you the sh*t, no fly on you.
Like your feel, when I feel your vibe.
Our chemistry's connect, when I feel your eyes.
When I'm holding you and kissing you, it feel so right.
Baby you like a band, make me feel so live.

Chorus

I can feel it when you're looking at me all the time. It's
the way when we're apart and you're on my mind.
When I'm holding you and kissing you, it seems so
right. All I want to do is feel your body next to mine.

Verse 2

Love that smile, and I love that walk.
Every time you speak a word, yea I love that talk
Love how you love me, I love that.

So I show you love back, love how you rub that soft
Seems so real, how I feel your soul.
Every time you not around, yea it feels so cold.
But yet so warm, when I feel your skin.
Send a chill through your body, when I feel your skin
Baby you an angel, I feel no sin
Our love is forever, yea I feel no end
Love your smile, like I feel your grin
Ray rolling with me baby, cause he feel your friend

Chorus

I can feel it when you're looking at me all the time. It's
the way when we're apart and you're on my mind.
When I'm holding you and kissing you, it seems so
right. All I want to do is feel your body next to mine.

End

Baby you a angel

Baby you a angel

Baby you a angel
