Come out of your candy coma
Come out of your sugar haze
If you really need a shake up
Take the microphone and wake up
'Cause you are a happy warrior

When it gets tough, pick yourself up
And don't give up

When you are feeling down, let the record spin around
Sisters and brothers
When you are feeling low, hear the music let it go
Happy Warriors
Get down now, get down now

There's rain in the park, so you just surrender
Gonna get all wet and meet your friends there
It's the place that we all get together, whenever

When it gets dark out in the park,
The party starts
When you are feeling down, let the record spin around
Sisters and brothers
When you are feeling low, hear the music let it go
Happy Warriors
Get down now, get down now

So write your name in the street
Way down in the concrete
Next to a heart from '63
Dug so deep

You can hear it beat, you can hear it beat, you can hear
it beat

When it gets tough, pick yourself up
And don't give up

When you are feeling down, let the record spin around
Sisters and brothers
When you are feeling low, hear the music let it go
Happy Warriors

Get down now, get down now
