Hide in my kaleidoscope tonight

Sundays haven't been the same
There's not much to explain
I miss the sugarcane
I miss your love

The subway's such a lonely place
I keep looking for your face
The passengers can see my pain
'Cause you're not here

I remember all the good reasons
I had when I was leaving
Now they don't make no sense at all

Call me when the night is cold
Like the summer sun in the snow
I'll warm you like Mexico
Drive until you find me here
We'll have pillow fights, movie nights
A fire just for you, inside

Hide in my kaleidoscope tonight

I wear your sweaters into bed
I end the book you read
I think I'll read it once again
The chapter never ends

I got a nice room with a view
It's waiting just for you
I hope that you've been waiting too
Don't let go

I remember all the good reasons
I had when I was leaving
Now they don't make no sense at all

Call me when the night is cold
Like the summer sun in the snow
I'll warm you like Mexico

Drive until you find me here
We'll have pillow fights, movie nights
A fire just for you, inside

Hide in my kaleidoscope tonight

And all of the colors
That I'm seein' spin around are you
And all of the colors
That I'm seein' all around are you

Call me when the night is cold
Like the summer sun in the snow
I'll warm you like Mexico
Drive until you find me here
We'll have pillow fights, movie nights
A fire just for you, inside

Hide in my kaleidoscope tonight
