You get off on your toys, cause they make a lot of noise
Yea, your buddies and you think that you're the hazard
boys and daisy
And I'm the one that's crazy
Cause I tell you that I'm done waiting here behind the
fun
Hoping maybe one day soon I'll be your number one
and only
But it's getting lonely

I'm on overtime with us,
Before I leave you in the dust

Cowboy up,
Show me what you've got, put your loving on eleven,
make it hotter than hot
It's no big deal to be a man of steel if you never give
me something I can really feel
Cowboy up
Time to dance, pull the trigger of emotion on a freaky
romance
You may be strong, may be tough, but if you want my
love
Cowboy up, Cowboy up, Cowboy up

You tell me that I'm it, but you're not about legit
Cause you wanna play the field before you have to go
and quit forever
When we're stuck together
Well I got another plan you might wanna understand
If you're gonna be the kind of guy I call the man of my
dreams
Cause baby now it seems

Your love's on a one way street
If I'm all that you say you need

Cowboy up...

My heart's ready and waiting for
One good cowboy, who knows the score
Who is willing and brave enough

And not afraid to cowboy up!
