I wish I could remember your first words to me  
Like I remember how you make me believe  
That our love was some kind of meant to be

Take me back, take me back to those sweet nights  
When you held me close like you'd never let me go  
Take me back, take me back to those moments when  
Kissing you was not a mistake  
I didn't know my heart could break  
No, no-oh, no, no-oh

I close my eyes just to see if you're still there, yes you  
are  
I guess my dreams haven't let you go that far  
Oh, I hear your promises in the dark

Take me back, take me back to those sweet nights  
When you held me close like you'd never let me go  
Take me back, take me back to those moments when  
Kissing you was not a mistake  
I didn't know my heart could break  
No, no-oh, no, no-oh

Why did the feeling have to end  
Wish I could hear those words again

Take me back, take me back to those sweet nights  
When you held me close like you'd never let me go  
Take me back, take me back to those moments when  
Kissing you was not a mistake  
I didn't know my heart could break

Take me back, take me back to those sweet nights  
When you held me close like you'd never let me go  
Take me back, take me back to those moments when  
Kissing you was not a mistake  
I didn't know my heart could break  
No, no-oh, no, no-oh
