I'm lost and all alone
I always thought that I could make it on my own
Since you left I hardly make it through the day
My tears get in the way
I need you back to stay

I wander through the night
And search the world to find
the words to make it right
All I want is just the way it used to be
With you here close to me
I've got to make you see

That I'm lost without your love
Life without you isn't worth the trouble of
I'm as helpless as a ship without a wheel
A touch without a feel
I can't believe it's real
And someday soon I'll wake
And find my heart won't have to break

I wander through the night
And search the world to find
the words to make it right
All I want is just the way it used to be
With you here close to me
I've got to make you stay.

That I'm lost without your love
Life without you isn't worth the trouble of
All I want is just the way it used to be
With you here close to me
I've got to make you see

That I'm lost without your love
Life without you isn't worth the trouble of
All I want is just the way it used to be
I need you here with me
Oh, darlin' can't you see

we had love before

We can have it back once more.
