He said baby it's time for you and me
To go live our own lives not waiting you see
I'm on my way now this time is for real...
So he packed all his things and I begged on my knees
I said baby I think we were meant to be
Isn't it strange how cheap the words can be?

... You'll get over it
Don't waste you time
A love like ours can't be
Too hard to find...

What if my love for you is even stronger?
What if my heart will never forget?
What if my dreams won't let you go away?
Since the day we met
Since the day we met
How could I forget?

Days may go and weeks go by
With endless clouds and sleepless nights
But not one minute without you in my mind

... You'll get over it
Don't waste you time
A love like ours can't be
Too hard to find...

What if my love...

He's the kind of a man that is so hard to find
In this cold, cold world
With a heart full of love and a sensitive mind
He's my kind of man

What if my love...
