You think you've got it baby  
You've got it figured out, and  
You're quite certain you can  
See things clear  
You only scratch the surface  
So sure it's quite enough, you  
Don't ever dig, don't ever get  
Too near  
But things that you see ain't  
Always what they seem to be  
And things that you hear ain't always true

\*Chorus\*

So you think you know  
Just who I am  
Well hello, I'm afraid  
You know nothing man  
Cause yet you've only read  
The first few lines  
In the book about the story  
Of the secrets in my life  
You need to keep it simple  
Not make a muddle of it  
There's just one truth in  
Your conception of life  
You think at takes a quick glance  
And then you know it all, cause  
You think the world is based on stereotypes  
But things that you see ain't  
Always what they seem to be  
And things that you hear ain't always true

\*Chorus\*

It's clear as crystal  
That's what you say  
You need no guidance  
In any way  
Well it may get to you  
Some day

\*Chorus\*
