There you are. Here I am. Like we've always been.  
Waking up with the sun, same old thing again.  
We don't talk, we don't touch, we don't act like friends.  
Will this ever end, will we ever mend.

And I don't recognize, the man inside your eyes.  
In what do you see, when you looking at me.

What happened to forever  
What happened to I never  
Leave you in the dark  
Leave you in the cold  
Leave you here all alone  
What happened to the passion at home  
What happened to missing me when you're gone  
What happened to me. What happened to you.  
What happened to us

She's got your eyes, and my smile... Yes she's got it all.  
And there she is, fast asleep just right down the hall  
What will you say, will I sing, will she ever understand.  
How can her mum and dad, go and ruin her plans.  
And does she realise, we've been telling her lies.  
How can we make her choose, either way she lose.

What happened to forever  
What happened to I never  
Leave you in the dark  
Leave you in the cold  
Leave you here all alone  
What happened to the passion at home  
What happened to missing me when you're gone  
What happened to me. What happened to you  
What happened to us.

And just how long do we wait, to see if the time  
can change us. Or if anything could save us...

Leave you here all alone

What happened to the passion at home

What happened to missing me when you're gone  
What happened to me. What happened to you  
What hapened to us.

What happened to us. Ohhh what will  
you say. Ohh what will I say .
