I trust the broken hearted
I trust the lost and fallen souls
Cause they know,
That kind of tears I've tasted

The nights and days I've wasted
Fighting hard not to let you go
Oh How I tried, your love just lied
I can't take the pain
I played the same
So what's a little rain

I'm not the same without you
I'm strong now that I should be
You wouldn't recognize me
I know the stars at midnight,
I know the morning with no sleep

I've gone down deep

I'll do the time, I'll be just fine
I can take the pain
I played the game
So what's a little rain
It's not so lonely here
Waiting for the sky to clear
I'll be over you
I'll be over you

I can take the pain
I played the game
I can take the pain
I played the game
What's a little rain
I can take the pain
I played the game
I can take the pain
I played the game
So what's a little rain
