You've been gone - honey way too long
I can't wait to see what you've got for me
As long as that something has something to do with
you

Don't be afraid, go on and make my day
Don't take it slow, 'cause I've missed you so
No matter what you do, you won't overdo

You can't love me too much
You can't love me enough
Oh, I can't wait to feel your touch
You're my desire
You set my fire
It's a beautiful rush

I'm gratified
So satisfied
My flame keeps burnin' higher and higher
So come on baby, fill me up
You can't love me too much

Between you and
We fit perfectly
Like a first good date, oh I know it's fate
We're everything we need
We've got it together

Oh, you're like a heart attack and aphrodisiac
I can't blame you for making me want more
They way you look at me, you can have me whenever

You can't love me too much
You can't love me enough
Oh, I can't wait to feel your touch
You're my desire
You set my fire
It's a beautiful rush

I'm gratified
So satisfied
My flame keeps burnin' higher and higher

So come on baby, fill me up
You can't love me too much, oh yeah

Between you and me we fit perfectly
Oh I can't wait to see what you've got for me

You can't love me too much
You can't love me enough
Oh, I can't wait to feel your touch
You're my desire
You set my fire
It's a beautiful rush

I'm gratified
So satisfied
My flame keeps burnin' higher and higher
So come on baby, fill me up
You can't love me too much

Oh come on baby, fill me up
You can't love me too much
