You're here, I'm pleased, I really dig your company  
Your style, your smile, your peace mentality  
Lord, have mercy on me, I was blind, now I can see  
What a king's supposed to be, baby I'm feelin' free  
Come on and roll with me

Let's take a long walk around the park after dark  
Find a spot for us to spark, conversation, verbal  
elation, stimulation  
Share our situations, temptations, education,  
relaxation, elevations  
Maybe we can talk about Surah 31:18

Your background, it ain't squeaky clean shit  
Sometimes we all gotta swim upstream  
You ain't no saint, we all are sinners  
But you put your good foot down  
And make your soul a winner

I respect that, man, you're so phat  
And you're all that, plus supreme  
Then you're humble, man, I'm numb yo with feelin'  
I can feel everything that you bring

Let's take a long walk around the park after dark  
Find a spot for us to spark, conversation, verbal  
elation, stimulation  
Share our situations, temptations, education,  
relaxation, elevations  
Or maybe we can talk about Revelations 3:17

Or maybe we can see a movie  
Or maybe we can see a play on Saturday  
Or maybe we can roll a tree  
And feel the breeze and listen to a symphony  
Or maybe chill and just be

Or maybe, maybe we can take a cruise  
And listen to the Roots  
Or maybe eat some passion fruit  
Or maybe cry to the blues  
Or maybe we could just be silent

Come on, come on, let's take a long walk around the  
park after dark  
Find a spot for us to spark, conversation, verbal  
elation, stimulation  
Share our situations, temptations, education,  
relaxation, elevations  
Maybe we can talk about something entirety

Let's take a long walk around the park after dark  
Find a spot for us to spark, conversation, verbal  
elation, stimulation  
Share our situations, temptations, education,  
relaxation, elevations  
Maybe we can talk about something entirety

Or maybe we can see a play on Saturday  
Or maybe we can roll a tree  
And feel the breeze and listen to a symphony  
Or maybe chill and just be

Or maybe, maybe we can take a cruise  
And listen to the Roots

dark  
Find a spot for us to spark, conversation, verbal  
elation, stimulation  
Share our situations, temptations, education,  
relaxation, elevations  
Maybe, baby, maybe we can save the nation, come on,  
come on
