You like?

Don't be scared, come closer

You never saw me like this before, huh?

Look

I've been a goody, daddy but I don't have to be

If you don't want me to, I'll be your nasty baby

No time for games, no rules, just play

Hope you been thinkin' about the same thing

I'm just sayin' what's on my mind

It's been good but now it's time to show

Love what we're made of

No time for games, no rules, just play

I hope you want me in the same way

Every time I close my eyes

All I dream about is makin' love

I can't even sleep at night

All I dream about is makin' love

It's just all the things I see when you're inside of me

That keeps my mind goin' crazy

I can't even think at night

All I dream about is makin' love to you

I love the shower, out by the kitchen sink

Lay me where you wanna, make my knees weak

No time for games, no rules, just play

Hope you been thinkin' about the same thing

I'm just sayin' what's on my mind

It's been nice but it's time to show

Love what we're made of

No time for games, no rules, just play

Hope you want me in the same way

Every time I close my eyes

All I dream about is makin' love

I can't even sleep at night

All I dream about is makin' love

It's just all the things I see when you're inside of me
That keeps my mind goin' crazy
I can't even think at night
All I dream about is makin' love

Do you want it on my back? This is like that
Do you want it on the floor? Lover, please
Tease me, please me, spank me, feed me
You know what I need, baby

Do you want it on my back? This is like that
Do you want it on the floor? Lover, please
Tease me, please me, spank me, feed me
You know what I need, baby

I'm just sayin' what's on my mind
It's been nice but it's time to show
Love what we're made of
No time for games, no rules, just play
Hope you want me in the same way

Every time I close my eyes
All I dream about is makin' love
I can't even sleep at night
All I dream about is makin' love

It's just all the things I see when you're inside of me
That keeps my mind goin' crazy
I can't even think at night
All I dream about is makin' love

Like that, need, baby, like that
Tease me, please me, spank me, feed me
You know what I need, baby

Like that, need, baby, like that
Tease me, please me, spank me, feed me
You know what I need, baby
