Well, when I saw you  
Walking down the avenue  
Ooo, you had this swagger  
You held your head up high  
Smilin' at the sky  
Like the ghetto didn't matter  
You seem to have a clarity  
In the midst of insanity  
That somehow drew me  
You looked at me and smiled  
And whoo, honey child  
I can't explain but you moved me  
[Chorus:]  
Maybe it's your eyes or your lips  
The way you move your hips I mean  
I don't know but I got to have ya  
Maybe it's something in your eyes  
That just brings out ya sexiness  
I don't know but I got to have ya  
For the sake of decency  
I had to get a hold of me  
Cause you knew I was on fire  
Now what was I to say  
When this man makes me feel this way  
My tongue was busy tying  
Well maybe we um  
Possibly um get together for dinner

He just smiled as they fell out  
No need for words or questions  
[Chorus:]  
Maybe it's your eyes or your lips  
The way you move your hips I mean  
I don't know but I got to have ya  
Maybe it's something in your eyes  
That just brings out ya sexiness  
I don't know but I got to have ya  
I knew when I first looked at you  
That you would shake my world  
And I was cool with that  
You and I were meant to be  
It was so easy to see

There was no mystery just magic  
[Chorus:]  
Maybe it's your eyes or your lips  
The way you move your hips I mean  
I don't know but I got to have ya  
Maybe it's something in your eyes  
That just brings out ya sexiness  
I don't know but I got to have ya  
I don't know but I got to have ya  
I don't know but I got to have ya
