Can't believe your touching me like the way your
touching me
I can feel pass your skin right to your energy

Feeling like the moon is under the sheets with a smile
We're glowing so bright and baby I just don't know how

[Chorus]

So this is making love
I can't believe it
Oh oh oh
So this is making love
I just couldn't see it

Can't believe the way your lips, your lips are kissing
mine
I can feel your heartbeat, beating at the same time
This is crazy magic, A¹/₄ber fantastic chemistry
We're floating so high I swear that we are soaring

[Repeat chorus]

How did stars get inside the room?
What is this music we're making?
It's the most perfect tune ever heard, no words could
ever describe it

[Repeat Chorus]

Beyond pleasure
No scale no score could measure
But this is love
