VERSE1: I called you on a Thursday, I waited for your
call, you didn't respond to me yea

and I called you on a Friday, you didn't respond, I've
been waiting patiently,
baby boom boom

I cant wait no more
somebody else is sniffin at my dress hey

somebody is checkin for a sista, and I'm sorry you're
about to get left

oh,

CHORUS: boom boom boom boom boom boom boom boom
boooooooooom,
boom, boom boom boom, boom boom boom, boom
boom boom, boooooooooom

I mean I've been waiting patiently for you my dear i
cant believe that i would lower my stee-lo
for the call from you
but you just wont do cause you just don't love me at all
i mean,

i been holdin' it down, i been holdin' it down
and i really don't have to
ah yea

I've been wanting you so badly but sadly, madly, you
don't want me too
so i say

CHORUS: boom boom boom boom boom boom boom boom
boom boooooooooommm, boom boom boom boom boom
boom boom boooooooooommm

I'm sorry I had to drop the bomb this way, I mean
there's a lot of things I could say

I could tell you that I really wanted to be with you
but you don't feel me you cant hear me

I... I got to make this next move. I gotta do what a sista
gotta do

and if that hurts you well then it hurts you. I gotta make
a move, I'm gonna do it too like

boom boom boom boom boom boom boom
boooooommm boom boom boom-oom boom boom-oom
boom boom-oom boooooommmmmmmmm...
its all boom
I'm like boom
its like boom

I gotta do what I gotta do son
grown woman making decisions and choices
utilizing everything inside of me
my soul my heart my mind my voices
so maybe in the middle of the night
when the dreams just ain't goin right
I could use a tug a hug a kiss something strong
something fit for a queen something passionate...
someone with esteem
a king that'll knock a sista down like boom
boommmmmmmmm
boommmmmmmmm
boommmmmmmmm
boommmmmmmmm

you can hold me close, kiss me nice, talk to me in the
moonlight. you can take my hand, be that strong man
you can.

hold me close make me feel so good and strong as
steel, cause I am, I just need you man.

uuuummm

I need to get closer to where I was meant to be
I need to be closer to where I need to be, hey
talk to me in my ear, tell me things that I need to hear.
don't always have to be nice, don't always have to be.
but I need the truth from you come and give it to me
soon, cause I need you. I cant take all of this without
lovin.

tired of bein strong all day,

I need to get to know you in a familiar way
I can handle it all but in the middle of the night i need
something right, I need you to get closer

come a little bit, come a little bit closer boy
I need you to get closer too.
mmmmmmmm
can you feel the fire in me?
I need to make it burn baby
its all about the way you do what you do, I'm looking for
the King in you, let me see it soon.

closer, closer, come closer to me, hey
I need you to come closer
