I've been thinkin' bout the way you move  
You're looking for someone that can step into your  
groove  
Girl, I've been hopin' that you'd check me out sometime  
Cause he broke your heart  
Need a brand new start  
I got you on my mind  
I - I would never want to lose you honey  
Why - you mean everything to me  
Chorus:  
If I can't have you - I don't want no other  
If I can't have you - don't' break my heart  
If I can't have you - Baby underneath the covers  
Then I know it will tear me apart if I can't have you  
Baby c'mon you're doin' it to me  
Don't try to fight it cause I got what you need  
Sometimes lovers they do the best they can  
But it takes more than just a pretty face to sanctify a  
man  
I - would do it just the way you like it  
Why - You're everything I need  
Chorus  
If I can't have you - I don't want no other  
If I can't have you - don't' break my heart  
If I can't have you - Baby underneath the covers  
Then I know it will tear me apart if I can't have you  
I - I would never want to lose you honey  
Why - you mean everything to me  
Chorus  
If I can't have you - I don't want no other  
If I can't have you - don't' break my heart  
If I can't have you - Baby underneath the covers  
Then I know it will tear me apart if I can't have you  
Repeat until fade
