Oh I swear to god
When I look at you my brain shuts down all I can think is
Duh
Try to speak out loud
Don't know what to say cause I am so afraid of how I
sound
Cause you might see
Something in me
That I did not want
Want you to see
But still you might go
And find someone new
That doesn't freeze up
When their around you because

You make me dumb
You make me dumb
You make me dumb
You make me dumb

Now my common sense
Isn't so attuned any time I'm in the same room as you
And all my book smarts
Failed the test oh yes
Cause in your presence I'm not even half my IQ

But the answers aren't on the ceiling

And I cannot fight this silly feeling
That I'm not good
Good enough for you
Oh who am I kidding?
I'm so damn cool

But You make me dumb
You make me dumb
You make me dumb
You make me dumb

And when I smile and you see me looking so
Uncomfortable and shy
You know I can't help thinkin'

Are you that guy who's gonna stick around
Oh I haven't decided the lyrics to this part yet

Cause you make me dumb
You make me dumb
You make me dumb
You make me dumb
Yeah You make me dumb
You make me dumb
You make me dumb
You make me dumb
