I've put up with this for way to long  
I never liked any of your bands stupid songs  
It's not a matter of personal opinion  
No it was never your music that got you women

And all you wanted to be was axel Rose, Vanilla Ice, or  
Bon Jovi

I'm calling all Ex-boyfriend wanna-be Rockstar  
Garagebands  
You'll find them on a neighborhood tour in their broke  
down van  
I'm calling all Ex-boyfriend wanna-be Rockstar  
Garagebands  
I'm sorry hunny but I lied when I said I was your number  
one fan

You're really not to bad at playing guitar  
But without one decent song you'll never get far

You're lead singer was the biggest joke that I've ever  
seen.  
And then you Fired him and hired some guy who can't  
sing

And all you wanted to be was axel Rose, Vanilla Ice, or  
Bon Jovi

I'm calling all Ex-boyfriend wanna-be Rockstar  
Garagebands  
You'll find them on a neighborhood tour in their broke  
down van  
I'm calling all Ex-boyfriend wanna-be Rockstar  
Garagebands  
I'm sorry hunny but I lied when I said I was your number  
one fan

And all you wanted to be was axel Rose, Vanilla Ice, or  
Bon Jovi
