There's a picture in my head that will never go beyond
my mind
You're like a night I can't remember cause I drank
too much tequila and wine
You're like a black hole
Mysterious
And I don't know where you go
You're like anyone who got lost in the Bermuda triangle
So I'm giving up on thinking about you

But you've got
What I want
When I'm hot
And Thinking about you
Yeah you've got
What I need
So I'm down on my knees saying please, please, please
Please, please, please

I should say I'm sorry cause I've never kissed you with
sober lips
But you should say you're sorry to from when you're
so drunk you think you want me for keeps

You're like a black hole
Mysterious
And I don't know where you go
You're like anyone who got lost in the Bermuda triangle
So I'm giving up on thinking about you

But you've got
What I want
When I'm hot
And Thinking about you
Yeah you've got
What I need
So I'm down on my knees saying please, please, please
But you've got

What I want
When I'm hot
And Thinking about you
Yeah you've got
What I need
So I'm down on my knees saying please, please, please
please, please, please
