I'm wanted by the FBI Don't ask why Cause I'll never tell
My friends and Family want to put me away cause they
say that I'm not Well

Everything used to be ok
Until I cracked the code that day
Now I get messages from my TV
That tell me what to do and say
Now everybody's after me
It's a big conspiracy
If they want to know the secretes that I know
They'll have to beat it out of me
Cause

I'm wanted by the FBI Don't ask why Cause I'll never tell
My friends and Family want to put me away cause they
say that I'm not Well
I'm wanted by the CIA
The voices say
I gotta get away
So what can I do can I trust you
No way

I saw an agent at my door
I can't trust my brother anymore
He let him in and they talked for a while
And I could see the evil in that agents smile
I stole my brother's cell phone after that
So he and Mr. Agent couldn't chat

I'll bet he has everybody in on it
I'm not even sure I can trust my cat
Cause

I'm wanted by the FBI Don't ask why Cause I'll never tell
My friends and Family want to put me away cause they
say that I'm not Well
I'm wanted by the CIA
The voices say
I gotta get away
So what can I do can I trust you
No way

Who are you talking to please tell me who you see
There's no one there it's over
You've lost your grip on reality
There's no one after you it's only in your head so
Stop it stop it stop it stop it
If you don't stop it someone might end up dead

I'm wanted by the FBI Don't ask why Cause I'll never tell
My friends and Family want to put me away cause they
say that I'm not Well
I'm wanted by the CIA
The voices say
I gotta get away
So what can I do can I trust you
No way
