Oh come and dance with me, my baby
Let's dance, till we go crazy
The night is young and so are we
and dance the night away

What I really wanna do, Is just dance with you
And feel your body now, See how to do it right
I can show you every move, I know just what to do
Each step will feel so fine, When dancing you'll be mine

So baby when we hit the floor
You'll be asking for more
Let's make love and dance the night away

Oh come and dance with me, my baby
Let's dance, till we go crazy
The night is young and so are we
Let's make love and dance the night away

Oh put your hand in mine, Promise I'll take my time
We'll dance from head to toe, I can dance fast or slow
Baby look into my eyes, Let the music hypnotize
Let our bodies synchronize, When dancing you'll be
mine

So baby when we hit the floor
You'll be asking for more
Let's make love and dance the night away

Oh come and dance with me, my baby
Let's dance, till we go crazy
The night is young and so are we
Let's make love and dance the night away

Oh when it comes to dancing, I know how to move
When it comes to passion, I know just what to do
I feel the music inside, I feel like I am alive
The tempo is right, Let's make love

Oh come and dance with me, my baby
Let's dance, till we go crazy

The night is young and so are we
Let's make love and dance the night away

Oh come and dance
Let's dance
The night
Let's make love and dance the night away

Oh come and dance with me, my baby
Let's dance, till we go crazy
The night is young and so are we
Let's make love and dance the night away
