Be still my heart
He said my name
And smiled that smile
That always makes me feel this way.

Be still my eyes
That look so sad
'Cause they can't hide the fact
That I still got it bad.

Be still my heart
It's way too late.
Be still my voice
Because there's nothing left to say.
I know for sure
It doesn't matter anymore.

Be still my heart
Don't give me away
Be still my lips
That long to whisper his name.

Be still my arms
That held him tight
And still reach out to him
In the middle of the night.

Be still my heart
It's way too late.
Be still my voice
Because there's nothing left to say.
I know for sure
It doesn't matter anymore.

It's time to make a brand new start
Be still my heart
'Cause it's okay
It's just by chance
That he should pass along my way

Be still my heart

Be still my heart
Be still
