May the angels protect you, trouble neglect you  
And heaven accept you when it's time to go home  
May you always have plenty, the glass never empty  
And know in your belly, you're never alone

May your tears come from laughing, you find friends  
worth having  
As every year passes, they mean more than gold  
May you win and stay humble, smile more than  
grumble  
And know when you stumble, you're never alone

Never alone, never alone  
I'll be in every beat of your heart when you face the  
unknown  
Wherever you fly this isn't goodbye  
My love will follow you, stay with you, baby, you're  
never alone

Well, I have to be honest as much as I wanted  
I'm not gonna promise that cold winds won't blow  
So when hard times have found you and your fears  
surround you  
Wrap my love around you, you're never alone  
Never alone, never alone  
I'll be in every beat of your heart when you face the  
unknown  
Wherever you fly this isn't goodbye  
My love will follow you, stay with you, baby, you're  
never alone

May the angels protect you, trouble neglect you  
And heaven accept you when it's time to go home  
So when hard times have found you and your fears  
surround you  
Wrap my love around you, you're never alone

Never alone, never alone  
I'll be in every beat of your heart when you face the  
unknown  
Wherever you fly, this isn't goodbye  
My love will follow you, stay with you, baby, you're

never alone  
My love will follow you, stay with you, baby, you're  
never alone
