I never felt alone
I was happy on my own
And who would ever know
There was something missing

I guess, I didn't see the possibility
It was waiting all the time
But it never crossed my mind
Till you opened up my eyes
Now, all I think about is

You in my life, in my dreams
In my heart, I know it's true
That I belong with you

Because of you in my world
In my arms, I have everything and now
I can't imagine what I'd do
Without you, you

I never thought that love would be
Such a curiosity
What attracted you to me
Was so unexpected

But it was waiting all the time
And it never crossed my mind
'Til you opened up my eyes
Now, all I think about is

You in my life, in my dreams
In my heart, I know it's true
That I belong with you

Because of you in my world
In my arms, I have everything and now
I can't imagine what I'd do
Without you

You in my life, in my dreams
In my heart, I know it's true
That I belong with you

Because of you in my world
In my arms, I have everything and now
I can't imagine what I'd do
Without

You in my life, in my dreams
In my heart, I know it's true
That I belong with you

Because of you in my world
In my arms, I have everything and now
I can't imagine what I'd do
I can't imagine what I'd do
Without you

Without you
