From A World Without Gravity: The Best of the Jim
Carroll Band

Every time she calls I'd like to just ignore her

I think she's working both sides

It's not my paranoia

But I can't cut her loose

That girl does the act

Like a snake with wings . . .

I know this for a fact

Refrain:

One night she's dark and French

One night she's blonde and Dutch

Every time you near her

She has a differing touch

She's like a salamander, the way her colors change

And you can't understand her, unless you get
deranged

She be Italian and tan

She be German and light

I've seen her Oriental

It changes every night

Repeat Refrain
