Don't pretend to be anyone else
You know who you are inside
You don't need to change yourself
Cause you'll do good in life, life

Don't depend on your outer beauty
But don't destroy it too
You gotta let out your inner self
And people will like you for you, you

Cause everywhere you go
You see these people trying to put others down (Down)
Don't follow in their steps
Cause you'll just be losing your way (Way)
You gotta not be afraid
You can let it out now (now)

You gotta be yourself
And not nobody else
Just live your life who you are
You don't need anybody
To put you down
Just ignore it, and you'll without fear
You know you can survive
So put the bad stuff aside
And you won't cry any tears
So, be happy
For you and everyone else
You can't live without any positivity

Oh yeah (Oh yeah)

Oooohhhh

You have the strength to carry on (On and on)
Yeah, you're gonna find love (Mmmmm)
Don't be afraid of expressing yourself (Ohhhhhhhh)
Cause people will know what you're feeling, yeah

Cause everywhere you go (Ohhhhh, yeah)
You see these people trying to put others down (Down,
down, down, down)

Don't follow in their steps
Cause you'll just be losing your way (Wayyyyyyy)
You gotta not be afraid (Always)
You can let it out now (now)

(You gotta be)
You gotta be yourself
And not nobody else (Nobody else)
Just live your life who you are
You don't need anybody (Anybody who can put you
down)
To put you down
Just ignore it, and you'll without fear (I'll just live without
fear)
You know you can survive
So put the bad stuff aside (Oh)
And you won't cry any tears (So)
So, be happy
For you and everyone else (For you)
You can't live without any positivity (Can't live without it)

Coming down
Spinning around
Watching my back
Looking down
Trying not to hide
Trying to be strong
Find someone who loves me (Get it)
For who I am

Coming down (Ohhhhh)
Spinning around (Yeahhh)
Watching my back
Looking down (Like anybody who loves me)
Trying not to hide
Trying to be strong (Like you do)
Find someone who loves me
For who I am (Don't bring me down!)

(Don't you bring me down tonight)
I will be strong, I can move on
(I just wanna be)
(Don't you bring me down tonight)
I'll forget any bad stuff you say about me
(Like anybody who loves me!)
(Don't you bring me down tonight)
I got my own ways, got my own plans
(Because, I don't think about it)
(Don't you bring me down tonight)
(Don't you bring me down!)

Oh oh (Oh oh)
Love (Love)
Yeah (Yeah)

Ooh

You gotta be yourself (Just be yourself)
And not nobody else (You can't be nobody else)
Just live your life who you are (Live your life)
You don't need anybody
To put you down (Dooooown)
Just ignore it, and you'll without fear (Don't you bring
me down tonight)
You know you can survive (You know)
So put the bad stuff aside
And you won't cry any tears
So, be happy (Be happy)
For you and everyone else (Ooh baby)
You can't live, with out any positivity (Don't you bring
me down tonight)

Doooooooooon't...
Doooooooooon't...
(Don't you bring me down tonight)
Doooooooooon't...
Doooooooooon't...
(I just wanna be my self)
(Don't you bring me down tonight)
Ohhhhhhhh, oooohhhoh
Doooooooooon't...
Doooooooooon't...
(There ain't no doubt about it)
(Don't you bring me down tonight)
Wooooooooaaaaahhh!
(Fade)
