"Echo"

Visit "[Echo](#)" on MotoLyrics.com

Here we are standing in the rain
You are gone, there's nothing to say
It painfully reminds me how angry you were
When you left me by myself
Luckily there was a little love left behind
It showed that you remember me

Echo
Your love is like an echo
I always feel it some way
I always hear it another way
Remembering you is like an echo
I can barely see your face
But I can hear your voice
Your love is like an echo
That goes to the beat of my heart
I can never feel it
But I always hear it
It's an echo

Every night when I go to sleep
I can't dream of you and me
What's going? I ask my self
I can feel your love but
Why can't I dream us together?
Maybe my memory of you is fading into echoes

Echo (Echo)
Your love is like an echo
I always feel it some way (I always feel)
I always hear it another way (I always hear)
Remembering you is like an echo
I can barely see your face
But I can hear your voice (Voices)
Your love is like an echo
That goes to the beat of my heart (To the beat of my)
I can never feel it
But I always hear it
It's an echo (It's an echoooooo)

I know that all I need
Is to see you again

I always regret (I always regret)
I always ignored (I always ignored)
Remembering you in my mind
But I guess it's too late for that now
(I can still hear you)

I wasn't so strong
I acted like it was all on you
I can't forget it
I know you won't forgive me
But all I know is
You left a bit of your love behind
Now I have it with meeeeeee

Oh (Oh)
Woah (Woah)
Yeah (Yeah)
Alright (Alright)
Ooh (Ooh)
No (No)
Hey (Hey)

Echo (Ohhhhhhhhhhhhhhh)
Your love is like an echo (Oh yeah, I can still feel it)
I always feel it some way
I always hear it another way (Remembering)
Remembering you is like an echo (Echo)
I can barely see your face (I can hear it in your voice)
But I can hear your voice
Your love is like an echo (That goes to)
That goes to the beat of my heart (Beat of my heart)
I can never feel it (I always hear you)
But I always hear it (Your love is an echo)
It's an echo (To meeeeeeee)

(Ahhh Ahhh)
I feel it with me
(Ahhh Ahhh)
I'll get you to come back in my mind!
(Ahhh Ahhh)
I want you to come back
(Ahhh Ahhh)
I can hear it in your voice (Your voice)
(Ahhh Ahhh) (Oh yeah)
I feel it with me (With me)
(Ahhh Ahhh) (Oh)
I'll get you to come back in my mind! (I'll get you to)
(Ahhh Ahhh)
I want you to come back (Come back to me)
(Ahhh Ahhh) (You)
I can hear it in your voice

(Ahhh Ahhh)

(Fade)
