I know we came such a long way
Still feel you here
Yes, there's been trouble in our lives
And we cried some tears
So, now you are gone
There's nothing left to do

I'm all by myself
I'm gonna have to get use to it now
We didn't even say goodbye to each other
I at least wish I could though
After all that's left and done
Is our bad times and sad times

Yeah (Yeah, yeah, yeah)

Oh baby
I want to know where you're at
I wanna go back to the old days
I wanna know if you think of me
You know that I didn't want this
To be our final goodbye
You said it was all my fault
You know that I had to agree with you
You gave our love so many chances
I know it's because of me we're in this situation
Can't believe that he had our final goodbye

(Where did you go?)
(Where did you go?)
I let you down
I was only thinking for myself
(Where does the love go?)
(Where did my heart go?)
I don't know
After all that's said and done
(You left but didn't say goodbye)
(We had our final goodbye)
This isn't our happy ending

Now in the summer
I miss you, I miss you

Now in the winter
I miss you, I miss you
Oh, I need to hear your voice
Let me just hear you say: goodbye

Cause, something feels so out of place
And it just isn't my heart, oh
I wonder if our love had really ended
You never said goodbye
A part of me just wanted you to say it
A part of me is still hopeful that we might go on

Oh baby (We can find love again)
I want to know where you're at
I wanna go back to the old days (I wanna go back to the
way it was)
I wanna know if you think of me
You know that I didn't want this
To be our final goodbye (Goodbye)
You said it was all my fault (Ohhhhh, ooohhoh)
You know that I had to agree with you (You were right, I
was wrong)
You gave our love so many chances
I know it's because of me we're in this situation (Oh
baby)
Can't believe that he had our final goodbye

(Where did you go?) (I just want to know)
(Where did you go?)
I let you down (Oh)
I was only thinking for myself
(Where does the love go?) (Where did you go)
(Where did my heart go?)
I don't know
After all that's said and done (Everything)
(You left but didn't say goodbye)
(We had our final goodbye) (It's not my happy ending)
This isn't our happy ending (You never said)

Oh oh oh oh oh yeah
Oh oh oh oh oh yeah
Oh oh oh oh oh yeah
Oh oh oh oh oh yeah
Put your hands if you know what I'm feeling
For everybody who's hearts were broken
But didn't have their final goodbye
Oh oh oh oh oh yeah (Ohhhh ohohohohohoh)
Oh oh oh oh oh yeah
Oh oh oh oh oh yeah (Don't you know)
Oh oh oh oh oh yeah (Put your hands up)
Put your hands up! (Hands up!)

If you won't let your love go
And will go on (I will go on)
Oh oh oh oh oh yeah (Just keep your faith)
Oh oh oh oh oh yeah (Ooooooh yeah, yeah)
Oh oh oh oh oh yeah
Oh oh oh oh oh yeah (Goodbye, baby, oh yeah)

I know we came such a long way
Still feel you here
Yes, there's been trouble in our lives
And we cried some tears
So, now you are gone
There's nothing left to do
Oooh oooh

Oh baby (Ohhhhhhhhhhhhh)
I want to know where you're at (Tell me where you're at)
I wanna go back to the old days
I wanna know if you think of me (Yeah, yeah)
You know that I didn't want this (Ah ah ahhhh ah)
To be our final goodbye
You said it was all my fault (You said)
You know that I had to agree with you
You gave our love so many chances (You knew you can)
I know it's because of me we're in this situation (I let you down, baby)
Can't believe that he had our final goodbye (I don't know where my heart went)

(Where did you go?)
(Where did you go?) (Noooooo)
I let you down
I was only thinking for myself (I let you down)
(Where does the love go?)
(Where did my heart go?) (Oh baby, oh baby)
I don't know (Ohhhhh)
After all that's said and done
(You left but didn't say goodbye) (Oh baby, oh baby)
(We had our final goodbye)
This isn't our happy ending

After all that's said and done...
