Always, we'll stay together
Forever, is all I know for now
No, I don't want anything to come between us
Changes, for the bad are not what we want
Ooh, but we must accept the change
The change, that's happening around us
We must, keep our head held up high
Because, these walls that sometimes block us
Will be torn down

And the time will come
While we sing this song
Can you feel it now?
This is our life
We can make a difference tonight
We're young so we have more chances
This will be our fate
It will be too late to turn back
So let's make the best of it
We will never give up
So let us sing, hallelujah
And we'll sing, hallelujah
Let's make the best of this
And let's sing, hallelujah

Sometimes I feel
Like I wanna give up
And life is never easy
But it's just okay
Cause if it was just plain easy
Then I wouldn't have everything I learned
These challenges are only helping us
To prepare for the future
And we'll succeed!

And the time will come (Ohhhhhhhh)
While we sing this song
Can you feel it now?
This is our life
We can make a difference tonight (We'll make a
difference)
We're young so we have more chances

This will be our fate (This, oh this is our fate)
It will be too late to turn back
So let's make the best of it (Uh uh oh)
We will never give up (I'm never giving up)
So let us sing, hallelujah
And we'll sing, hallelujah (Let's make the best of this)
Let's make the best of this (Baby)
And let's sing, hallelujah
