Getting close to the holidays  
Such a happier time  
But not so much for me  
You left without notice  
Could've told me where you're going  
Now I'm asking all your friends  
Where is he now?  
They all told me  
He's driving away from you  
Couldn't believe it  
My life would never be the same

This isn't a holiday for me  
It's not what I expected  
We had so much in store  
But what happened though?  
We could've talked it all out  
You could at least tell me  
Why you wanted to be free  
It's hurting me much more  
Than what you already know  
Guess it's time to find someone new  
Tearing up, burning up  
Everything that you had left

If the holiday came sooner  
I wouldn't be in this situation  
You're missing out on tons of fun  
You don't get to see my family  
My friends, and my cousins  
I imagined us sipping hot cocoa  
And sitting next to a cozy fire  
But all of that is shattered now  
All there is left is pieces  
Pieces of something I'm already over (now)

This isn't a holiday for me (It's not a holiday for me)  
It's not what I expected  
We had so much in store  
But what happened though? (I don't wanna remember  
what happened)  
We could've talked it all out

You could at least tell me (Why you went away)  
Why you wanted to be free (Went away)  
It's hurting me much more  
Than what you already know (Guess it's time for me)  
Guess it's time to find someone new (Oh woah oh)  
Tearing up, burning up (Everything)  
Everything that you had left (No no no no no no)

Hold on, now  
Let's take a step back  
See why you wanted to get away from me  
Don't really know why  
Why you're like this  
It just gets me confused  
What's wrong with you?  
But I don't really care now  
You're on your own  
I gave you my love  
I gave you my life  
You gave me nothing in return  
I'll get over it sooner or later  
And find someone who knows how to treat a girl right  
You don't wanna spend the holiday with me  
Well, that's fine with me  
Not gonna fight  
Not gonna cry  
Not wishing you well  
Not gonna remember the bad times

Holiday, holiday, holiday, holiday  
You wanted the holiday from me  
Holiday, holiday, holiday, holiday  
You had left your love behind  
Holiday, holiday, holiday, holiday  
This isn't a holiday for me  
Holiday, holiday, holiday, holiday (Holiday)  
You wanted the holiday from me (You wanted to get  
away from me)  
Holiday, holiday, holiday, holiday  
You had left your love behind (You left your love)  
Holiday, holiday, holiday, holiday  
(Oooooooooohohohoooooh)  
This isn't a holiday for me (This ain't no holiday for me)  
Holiday, holiday, holiday, holiday  
You wanted the holiday from me (Oh-oh-oh yeah)  
Holiday, holiday, holiday, holiday  
You had left your love behind (Oooooooooh ooooohohh)  
Holiday, holiday, holiday, holiday  
This isn't a holiday for me (This ain't no holiday)

This isn't a holiday for me (Yeah ah yeah)

It's not what I expected (Oooooooh)  
We had so much in store (Oh baby, baby)  
But what happened though?  
We could've talked it all out (Mmmm)  
You could at least tell me (This ain't no holiday for me)  
Why you wanted to be free  
It's hurting me much more (I don't think about it)  
Than what you already know  
Guess it's time to find someone new (I wanna find  
someone new)  
Tearing up, burning up (Somebody who knows how to  
love)  
Everything that you had left (Yeah ah oh yeah)

Worst holiday I ever had
