Sometimes I feel like it I'm gonna lose it  
That I'll bring everything out on someone I trust  
But I have nowhere else to turn, nothing to say  
And I just can't live this way  
I just wanna run away, away

I want to get outta here as fast as I can  
Try not to look back as best as I can  
Cause I didn't know who to believe  
It haunted me in my sleep  
I just wanna run away, away

And I can't let it go  
Without them having to know  
That I wanted to be in a better place  
Somewhere I would be safe  
And not have to deal with the fighting

I just want you to let me go, oh  
I feel like I wanna get lost  
In to wherever I can be at  
Cause I wanna stay outta your way  
And not think about it anymore  
And I can't wait to let you go, oh  
I'd rather be alone for the rest of my life  
Then have to deal with this tonight  
Cause I'm so confused on what to do  
What am I suppose to do?

Well, I just can't wait to see your face  
When I leave out the door  
Many years from now I'll just think  
I'm better without you

But I'm sorry if I let go  
Of everything else when I was home  
Cause I'll know you remember me  
But why can't you see  
What you did to me

And I can't let it go

Without them having to know  
That I wanted to be in a better place  
Somewhere I would be safe  
And not have to deal with the fighting

I just want you to let me go, oh  
I feel like I wanna get lost  
In to wherever I can be at  
Cause I wanna stay outta your way  
And not think about it anymore  
And I can't wait to let you go, oh  
I'd rather be alone for the rest of my life  
Then have to deal with this tonight  
Cause I'm so confused on what to do  
What am I suppose to do?

Now, I'm not afraid to be on my own  
I'll just move on and go on  
I'll only remember the bad times  
Seeing the police lights out the window  
Calling my brother to get me out of here  
I'm so use to it, I can't even cry a tear  
It's the only way I'll be free  
It's the only way I can see  
Where I am actually going  
And not be blinded by the emotions  
Of what I feel everytime I'm over there

I just want you to let me go, oh  
I feel like I wanna get lost  
In to wherever I can be at  
Cause I wanna stay outta your way  
And not think about it anymore  
And I can't wait to let you go, oh (oh)  
I'd rather be alone for the rest of my life (oh)  
Then have to deal with this tonight (yeahh)  
Cause I'm so confused on what to do

I just want you to let me go, oh (Let me goooo)  
I feel like I wanna get lost  
In to wherever I can be at  
Cause I wanna stay outta your way (Oh no)  
And not think about it anymore  
And I can't wait to let you go, oh (oh ohh)  
I'd rather be alone for the rest of my life (oh yeah)  
Then have to deal with this tonight  
Cause I'm so confused on what to do (What to do)  
What am I suppose to do?
