Oh oh yeah
Oh No!
Oh, oh, oh, oh-oh-oh
Oh yeah, no no
No, oh, no, oh...

I was in love for a day
In love, in a way
I just can't explain
How it felt through each day (Each day)
There's just something about the way you talk (When
you talk)
And how I'm in a crowded room, but it seems there's
only me and you
It's this crazy little thing called love
Oh how I wish I would this love inside me would never
end

(Love) This feeling
(Love) How it never ends
(Love) How it's only between us
I never thought it could be this way
It's an instant love that started today
(Love) That I keep thinking about you
(Love) That we both have this feeling
(Love) Me for me, like I love you for you
Oh baby, we both belong together
With the help of this crazy little thing called Love (Crazy
little thing called love)

If you had went away (Went way)
Then I couldn't explain (Couldn't explain)
That why our love didn't stay
Oh, that it didn't stay... with us

But when the rain comes down
I feel a ray of light shining on me
It's like you were the closest thing to heaven
Cause it's true, so you're just as strong as me

(Love) This feeling (Ooooooh)
(Love) How it never ends (You know that it's true)

(Love) How it's only between us (Only for us, and not anybody else)
I never thought it could be this way
It's an instant love that started today (Starting today)
(Love) That I keep thinking about you (Thinking about you, baby)
(Love) That we both have this feeling
(Love) Me for me, like I love you for you (Or don't love me)
Oh baby, we both belong together (Together)
With the help of this crazy little thing called Love (Looo-ooo-vee)

In a way (In a way)
Can't explain (Can't explain)
Why you wanted to go away (Go away)
It's a shame (It's a shame)
That it might not stay (Might not stay)
With meeeee

Oh oh yeah
Oh No!
Oh, oh, oh, oh-oh-oh
Oh yeah, no no
No, oh, no, oh...

Don't be surprised when love knocks at your door
Cause I will be there, oh yes I will
But even if I don't
You know I will be on time

This is it...
Don't wanna let this go...
Breathe...

(Love) This feeling (Ohhhhhhhhhh)
(Love) How it never ends
(Love) How it's only between us
I never thought it could be this way (We'll just have to do it our wayyyy)
It's an instant love that started today (Always)
(Love) That I keep thinking about you (I spend my days)
(Love) That we both have this feeling (Thinking about you)
(Love) Me for me, like I love you for you (Love me for me)
Oh baby, we both belong together
With the help of this crazy little thing called Love (Crazy little thing called loooooove)

In a way (In a way) (Oh woah ohhhh, yeah)

Can't explain (Can't explain) (In love)
Why you wanted to go away (Go away) (Why it went
away)
It's a shame (It's a shame) (It didn't stay)
That it might not stay (Might not stay) (Love)
With meeeee (With me)
