Look to my left
And see all the pain
I caused to myself
Look to my right
See where I tried
And failed in the end
But I, am a new person
It's like everything in my life
Has just changed
And I'm not lying
The old me was full of lies
The new me has the truth

And you can tell I have the truth
By looking in to my eyes
And all of the tears I cried
It's not gonna happen now
So, put your trust in me
I know what to do
I've never been more sure of this
Everything I got
Is all I need to have
Wherever I go

My life of crime was so yesterday
I thought I was better than everyone
I did what I wanted to do
And I didn't even care
Now, the thought just scares me
It even haunts me in my sleep
But I'll get over it any day now
I thought I know everything
But it all wasn't planned out
But I still went with the flow
But not anymore no
I have it all figured out

And you can tell I have the truth
By looking in to my eyes
And all of the tears I cried
It's not gonna happen now

So, put your trust in me
I know what to do
I've never been more sure of this
Everything I got
Is all I need to have
Wherever I go

And I'm gonna stay here
Be myself through whatever
I could've done so much better
But I finally did
And what you see
Is what I've become
In a better form than before
Than before!
Oh Oh...yeah

Look in my eyes
This is the new me

And you can tell I have the truth
By looking in to my eyes
And all of the tears I cried
It's not gonna happen now
So, put your trust in me
I know what to do
I've never been more sure of this
Everything I got
Is all I need to have
Wherever I go!

Oh
This is me now
Look in my eyes
And you'll know
Everything I done
And what I have become
I always knew that
People could change
And if you want to know the real truth
Just look in my eyes.....
