Here I am again
Thinking about my life
Thinking about the future
What it will be like
I know you keep saying
That we belong together
Ha! Please
I will know when I found the perfect one
Cause I can feel it inside of me

I know it's sad but true
You keep telling me everyday
That you're my perfect match
Just stop with it
It's getting old now
I need to focus on what's missing in my life
I'm already focusing on one thing now
And yes, I can feel it so close to me
It's as if I already know the person

And I'm gonna try my hardest
To find it all out
Trying to find the missing puzzle piece
Cause now is the time to look for it
It may even take my whole life
Just to complete it now
Cause all the time I feel so close
But yet, I'm so far away

Everyday is like a challenge
I keep facing some obstacles
I try to get past them
Through the easy way
But it ain't so easy
But you're just everywhere to me
I don't even know why but
But I feel like I'm getting close to it

And I'm gonna try my hardest
To find it all out
Trying to find the missing puzzle piece
Cause now is the time to look for it

It may even take my whole life
Just to complete it now
Cause all the time I feel so close
But yet, I'm so far away

So now I can't believe it
One of the answers I found
I never really paid attention
I guess I learned my lesson
I found one of the pieces missing
And, yes, it's you it's you!
I never thought it could be this way
But that's the way it is
Oh oh oh!

But I'll still try my hardest
To find it all out
Trying to find the missing puzzle piece
Cause now is the time to look for it
It may even take my whole life
Just to complete it now
Cause all the time I feel so close
But yet, I'm so far away

I found the answer
