Hey hey
There you again
Why do you keep talking
Like a movie maniac
Yeah you!
You know what I'm saying
You just can't really help it
But it's so cute
When you try to ignore it
All of the boys and girls
Are just so jealous
I may be getting jealous myself
But take my advice
Don't let the fame go to your head
Cause if you do
You'll start some trouble
And let me tell you
It doesn't seem so fun
Nooooo

When you're walking around town
When you're talking to somebody
When everybody looks at you
Everybody gets so, so starstruck
When you're in a huge crowd
When people ask for a autograph
When you hug people you don't know
I can just get so, so star struck

Yeah-ah (Yeah-ah)

Oh Oh
When you call me
Right in front of the public
I like
Like getting those girls jealous
And to it make even better
Let's hold our hands together
But even I have to admit
I get overwhelmed sometimes
It's just that
That I can't believe that

I'm with a superstar
Just believe in yourself
You know you can
And you're gonna get far!
Yeah

When you're walking around town
When you're talking to somebody
When everybody looks at you
Everybody gets so, so starstruck (Starstruck)
When you're in a huge crowd
When people ask for a autograph
When you hug people you don't know (You don't know)
I can just get so, so star struck (Oh Yeah)

Love me, hate me
But you can't deny
That you get starstruck
When I'm walking right by
Say what you want about me
But I'll still be myself
And this ain't no movie
You know it's for real
But I know that I
Gotta stop being so starstruck (Oh!)

In the end
Everyone's happy
We'd be watching the sunset
Overwhelming, it may seem
But I kind of like it, yeah
I just feel, so starstruck
But you say: doesn't matter to me
It's all the same to me
Just be who you wanna be
Cause it's all the same to me!
This ain't no movie
It is for real
So at the end
There's no credits
But there's a happy song
Yeah-ah (Yeah-ah)
I can't help but be
So, so starstruck
Everyone can't help but be
So, so starstruck

When you're walking around town (Uh Huh)
When you're talking to somebody
When everybody looks at you (Everybody)
Everybody gets so, so starstruck

When you're in a huge crowd (Ohhhhhhhhhh)
When people ask for a autograph
When you hug people you don't know (When you)
I can just get so, so star struck (Everybody gets so
starstruck)

Love him, hate me (Ahhhhhhhhh)
But you can't deny (Deny)
That you get starstruck (Yeah Yeah)
When I'm walking right by
Say what you want about me (Say what you wanna say)
But I'll still be myself
And this ain't no movie (This ain't no movie)
You know it's for real
But I know that I (I gotta be)
Gotta stop being so starstruck

When you're walking around town
(Wooooooooaaaaahhhh, oooooohhhhhhhh, oh)
When you're talking to somebody (Talking to someone)
When everybody looks at you
Everybody gets so, so starstruck
When you're in a huge crowd (When you're walking
around town)
When people ask for a autograph (When you're talking
to somebody)
When you hug people you don't know (When everybody
looks at you)
I can just get so, so star struck

Love me, hate me
But you can't deny
That you get starstruck (Starstruck)
When I'm walking right by (Yeah)

Oh Yeah
