Set me free, get me out of this mess
Feel the need, to just be with you
Won't you stay, so I can take a ride with you
Don't say no, cause I'm ready to get out of here

Escape from the house of cards
Hopefully your heart is in it
Every day and every night
Just to be there with you

Wherever you go
Take me with you
Wherever you are
Take me with you
Let's not break our bond
Take me with you
Cause I know what you got
Let's give it a shot
Just take me with you
With you

This is our choice, don't bring it down
We've already started
I don't know about you but I love this
Not really what I planned but I'll go with it

Look in to my eyes
And see the need
Let's just go
And find a place better enough

Wherever you go
Take me with you
Wherever you are
Take me with you
Let's not break our bond
Take me with you
Cause I know what you got (I know what you got)
Let's give it a shot
Just take me with you
Oh, with you

This is just us now no one to interfere
We've got it going on and I don't want to stop!
And there's something about this
But either way I really go with you
I'm feeling more connected to the things you do

Wherever you go (Wherever you wanna go)
Take me with you (Yooooouuuu)
Wherever you are (Wherever you're at)
Take me with you
Let's not break our bond (No no)
Take me with you (Ohhhhhhhhhhhhhhh)
Cause I know what you got
Let's give it a shot (Gimme your best shot)
Just take me with you (With you)
Yeah!

Wherever you go (oh)
Take me with you
Wherever you are (Take me)
Take me with you (Ooohhhoh)
Let's not break our bond (Hey yeah, oh)
Take me with you
Cause I know what you got (Anything you got)
Let's give it a shot
Just take me with you (Always gonna be)
With yooooouuuuu...
