Tell me, tell me, tell
Just tell me something
Everyday is the same
It's kind of like a game
Where you play it over and over again
Nothing interesting on TV
Or anything new in the internet
When are people gonna come up with something new?
The future is near and far
Will it get better, we'll never know
Tired of seeing and hearing the same old stuff in the
newspapers
Sure, there are new trendy fashions
But you can totally tell they copy off another
Come on, you guys can do better than that!

I wanna go somewhere
That's not like this place
Tell me something I don't know
Every song is the same
And people don't know your name
Tell me something I don't know
Some days you treat me right
Somedays you treat me wrong
Tell me something I don't know
What's it gonna take to make you smile
I do all the work, while you just lay back
Tell me something I don't know
Tell me something I don't know

Tell me Tell me Tell me (Something I don't know)
Something I don't know
Why don't you just
Tell me Tell me Tell me (Come and tell me)
Get it Get it Get it Get it
Something, something, something, something
Something I don't know
(Tell me tell me tell me)
Just tell me something I don't know (Oh woah oh)
Get it, get it, get it, get it

Shoplifting, robberies, global warming

I mean really, what else is new?
You can't always get what you want
But, I'm tired of being so bored everyday
End of the world, big events
You people can do better than this!
Famous stars, hiding from the paparazzi
Well they need to mind their own business
Just go away or get better pictures
But I am just soooooooooo stuck
On what to do, what to say
I wanna meet real people who do something exciting
for once!

I wanna go somewhere (Somewhere)
That's not like this place
Tell me something I don't know (Oh woah oh)
Every song is the same (Every song)
And people don't know your name (Don't even know
your name)
Tell me something I don't know
Some days you treat me right (You)
Somedays you treat me wrong
Tell me something I don't know (Tell me)
What's it gonna take to make you smile
I do all the work, while you just lay back (Hey!)
Tell me something I don't know
Tell me something I don't know (C'mon now)

Tell me Tell me Tell me (Oh Yeah)
Something I don't know
Why don't you just (Why don't you)
Tell me Tell me Tell me (That's what I'm saying)
Get it Get it Get it Get it
Something, something, something, something
(Something)
Something I don't know
(Tell me tell me tell me) (Oh-Oh)
Just tell me something I don't know (Uh Uh Uh)
Get it, get it, get it, get it

You better be prepared
Cause life is always full of surprises
You don't what will hit you
Don't be fooled by everyday life
Something new can arise
We might even stop natural disasters
Or even float in midair without wings
Animals could probably talk
But wouldn't that just be weird?
Hey, it's better than nothing
They can control weather

Or create a new country
But thing is though that
We're all gonna have to wait
But some people don't have the patience
No no no no no no no, they don't
I really hope you get what I'm saying
Get what I'm saying
You better be prepared
I said, you better be prepared!

I wanna go somewhere (Yeah)
That's not like this place
Tell me something I don't know (You gotta)
Every song is the same
And people don't know your name
Tell me something I don't know (Ohhhhhhhhhhhhhh)
Some days you treat me right
(Wooooooooooooahhhh)
Somedays you treat me wrong (Somedays)
Tell me something I don't know
What's it gonna take to make you smile
(Ohhhhhhhhhhhhhh)
I do all the work, while you just lay back
Tell me something I don't know (Oh yeah ah yeah)
Tell me something I don't know (Whoa)

Tell me Tell me Tell me (Just tell me what you're
thinking)
Something I don't know (Cause I know what I'm
thinking)
Why don't you just
Tell me Tell me Tell me
Get it Get it Get it Get it (Yeah Yeah)
Something, something, something, something
Something I don't know (Alright)
(Tell me tell me tell me)
Just tell me something I don't know (Oh woah oh)
Get it, get it, get it, get it (That's right)

You know what I'm saying
Cause I know what I'm saying
Hey hey!
