Ooh ooh
You're always gonna...

Baby
I see you crying everyday
You tell me
That everything you say
That everything you do
Is always taken the wrong way
You tell me
There are rumors starting
And there all about you
But they aren't true
I'll tell you
Maybe you can talk it out with them
You're gonna have to say more than sorry
But I'll be there to help you

But, we'll always gonna find a way
Find a way to stop this madness
I'll be with you the whole time
Nothing ain't gonna stop us now
You have all the wisdom
And I have the courage
Together, we're unstoppable
We're always gonna make it through
Together, you're just like me
I am your strength
I am your soul
We're always gonna make it through!

Ooh ooh ooh ooh ooh ooh
Oh oh oh oh oh, oh ooh oh
Ooh ooh ooh ooh ooh ooh
Oh oh oh oh oh, oh ooh oh

Hey
Don't give up, you're gonna make it (make it)
You tell me
That it can be so hard
To endure all the pain
I'm feeling right now

You tell me (You tell me)
It's like a battle
I face everyday
And I'm always losing
I'll tell you (Woah)
There's always gonna be something blocking us
We're gonna have to find a way around it
Sometimes we'll have to break it through!

But, we'll always gonna find a way
Find a way to stop this madness
I'll be with you the whole time
Nothing ain't gonna stop us now
You have all the wisdom
And I have the courage
Together, we're unstoppable
We're always gonna make it through
Together, you're just like me
I am your strength
I am your soul
We're always gonna make it through!

Ooh ooh ooh ooh ooh ooh (We can make it through)
Oh oh oh oh oh, oh ooh oh
Ooh ooh ooh ooh ooh ooh
Oh oh oh oh oh, oh ooh oh (Whoa)

Ooh ooh ooh ooh ooh ooh (oooooooooh)
Oh oh oh oh oh, oh ooh oh (You'll always find your way
through)
Ooh ooh ooh ooh ooh ooh (You're just like me)
Oh oh oh oh oh, oh ooh oh (It's true)

Doesn't matter when we'll get there
Doesn't matter how we can do it
Doesn't matter what happens there
Doesn't matter what people think
Cause I'll be there right beside you baby
I will always be there to help you
Ain't nothing gonna bring us down
Because we're strong when we're together
We'll solve any problems we have
We've gone too far to turn around now
And I will be there to cheer you on
Even if you don't make it through
We can make it to the end
Cause I see the sunset in your eyes!

But, we'll always gonna find a way (Ahhhhhhh)
Find a way to stop this madness (We're gonna find a
way baby)

I'll be with you the whole time (The whole time)
Nothing ain't gonna stop us now (Nothing can stop us)
You have all the wisdom (And I)
And I have the courage (Together)
Together, we're unstoppable (Heyyyy)
We're always gonna make it through (We'll find a way)
Together, you're just like me (Ohhhhhhh)
I am your strength (I am your)
I am your soul (I am your)
We're always gonna make it through!
(Ohhhhhhhhhhhhhhh)

Ooh ooh ooh ooh ooh ooh (Yeeeeeeaaaaahhhh)
Oh oh oh oh oh, oh ooh oh (Baby)
Ooh ooh ooh ooh ooh ooh (We're always gonna make it
through)
Oh oh oh oh oh, oh ooh oh

Ooh ooh ooh ooh ooh ooh (Ohhhohohohoh oooohoh)
Oh oh oh oh oh, oh ooh oh
Ooh ooh ooh ooh ooh ooh (We can)
Oh oh oh oh oh, oh ooh oh (Keep your faith)

Keep the faith!
We're gonna make it!
Woooooaaaaahhhh!

Doesn't matter when we'll get there
Doesn't matter how we can do it
Doesn't matter what happens there
Doesn't matter what people think
Because we're always gonna,
We're always gonna make it through
Whoooooaaaaaaa...
